1. The following is an examiner's statement of reasons for allowance: The reason for allowance of the independent claims 1, 10 and 11 is the provision on the clip for attaching the dispenser to the display board of a press fit portion having a central stem with a plurality of integrally molded, planar bendable fins mounted thereon and a spring disposed between the press fit portion of the clip and the base portion of the clip. While the prior art does show bendable fins on a stem portion for securing in an aperture and a spring disposed on a base portion of a clip, the prior art does not teach employing both the spring and the bendable fins together on the same clip.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
